

INSTRUCTIONS FOR USE:

PET CAR BOOSTER SEAT

Specifications:

- Size: 400 x 300 x 250 mm
- Colour: black
- Material: polyester fiber, oxford cloth

PACKAGE INCLUDES:

- 1 Pet car booster seat

INSTRUCTIONS FOR USE:

1. Installation of the pet booster seat is relatively easy.
2. There will be straps that attach from the body of the seat to the top of the seat, on the top of the seat to the headrest and at the back of the seat to attach to the car seat itself.
3. Adjust the straps from the body of the booster seat to the top of the seat so it stays in an open position for the comfort of your pet.
4. Take the strap from the top portion of the booster seat and attach to the headrest of the car. The strap is adjustable so that when fully attached, the seat is high enough so that your pet can see out the window.
